

Sample Output 03

- These runs test Time Zone choices. Each run tests 1 Time Zone option. Users can choose a time zone for our program. The default time zone is PST.
- Our program must be able to handle at least 3 time zones: PST, CST, and PST. 
- EST = CST + 1 hour = PST + 3 hours
- These runs also test the quiz with different number of right/wrong answers. 
- *Your program's output must be identical except the value of the time stamps, the student name, and the student email address. Please use your name and your email address.*
- *This black and white copy does not show colors. Please see Sample Output 05.*
- *Please bring your questions to class.*

RUN 1

 ----- SF GIANTS THANK YOU -----
